

## KASHMIR.

TO MAKE THE WORLD WORK FOR  
**100% OF HUMANITY**

IN THE SHORTEST POSSIBLE TIME THROUGH SPONTANEOUS COOPERATION  
WITHOUT ECOLOGICAL OFFENSE OR THE DISADVANTAGE OF ANYONE.

-R. Buckminster "Bucky" Fuller

.....starts with one person, one relationship, one family, one neighbor, one neighborhood, one community, one village, one city, one state, one nation, at a time...simultaneously.

### KASHMIR.

Oh, let the sun beat down upon my face  
With stars to fill my dreams  
I am a traveler of both time and space  
To be where I have been

[Sit with elders of the gentle race](#)

[This world has seldom seen](#)

Talk of days for which they sit and wait

**ALL WILL BE REVEALED.**

[Verse 2]

[Talk and song from tongues of lilting grace](#)

Whose sounds caress my ear

[But not a word I heard could I relate](#)

[The story was quite clear](#)

Oh, oh

Oh, oh

[Verse 3]

Ooh, baby, I been flying

No yeah, mama, there ain't no denying

Ooh, yeah I've been flying

Mama, mama, ain't no denying, no denying

[Verse 4]

[All I see turns to brown](#)

[As the sun burns the ground](#)

[And my eyes fill with sand](#)

[As I scan this wasted land](#)

[Trying to find, trying to find, where I've been](#)

[Verse 5]

Oh, pilot of the storm who leaves no trace

Like thoughts inside a dream

Here is the path that led me to that place

Yellow desert stream

[My Shangri-La beneath the summer moon](#)

[I will return again](#)

Sure as the dust that floats high in June

When movin' through Kashmir

[Verse 6]

Oh, father of the four winds, fill my sails

Across the sea of years

[With no provision but an open face](#)

Along the straits of fear

Oh, oh

Oh, oh

[Bridge]

[Verse 7/Outro]

When I'm on, when I'm on my way, yeah

When I see, when I see the way, you stay-yeah

[Ooh, yeah-yeah, oh, yeah-yeah, when I'm down](#)

Ooh, yeah-yeah, oh, yeah-yeah, but I'm down, so down

[Ooh, my baby, oh, my baby, let me take you there](#)

Come on, let me take you there...let me take you there

### NASA just recorded the biggest sun solar flare in nearly a decade

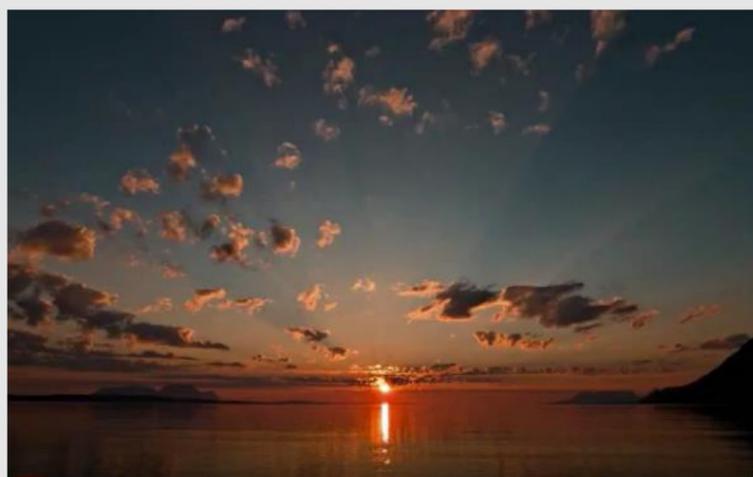

USA TODAY NETWORK Ashley May, USA TODAY Published 11:13 a.m. ET Sept. 8, 2017 | Updated 12:37 p.m. ET Sept. 8, 2017

### Sunspot Solar Observatory

From Wikipedia, the free encyclopedia

The **Sunspot Solar Observatory** (SSO) is an [astronomical observatory](#) designed for the study of the Sun, located in the [Sacramento Mountains](#) in [Sunspot, New Mexico](#), United States, approximately 18 miles (29 km) south of [Cloudcroft](#). The observatory is operated by [New Mexico State University](#) (NMSU) and the [National Solar Observatory](#) (NSO). Access to the telescopes and buildings is open to the public.

### How Long for a Solar Flare to Reach Earth?

By Richard Gaughan; Updated April 25, 2017

*These are the days, of the endless summer*

CONSTITUTIONALISM....is the new  
counterculture.

SYNCHRONICITY and ELECTRIC  
UNIVERSE.
