

NO ARMY can stop an idea whose time has come.

A core belief of transcendentalism is in the inherent goodness of people and nature. Adherents believe that society and its institutions have corrupted the purity of the individual, and they have faith that people are at their best when truly "self-reliant" and independent.

"Confident that with YOUR help, man will be what he was born to be: free and independent."

"Does the INDIVIDUAL have the courage to really go along with the TRUTH?"

"One person can make a difference, and everyone should try."

"It is a crime for any citizen to shrink from controversy."

"When TRUTH represents an existential threat, then censorship is deployed."

"Those who make peaceful revolution impossible will make violent revolution inevitable."

SYNCHRONICITY and ELECTRIC UNIVERSE.

In the New Republic, all good people in the arena enjoy resuming the restoration of the Constitutional republic FROM JFK's point of interruption, can see for miles and miles, and enjoy liberty in building out properties and the local means of production, with the capability to sow, nurture, grow, harvest, store, cook, engineer, design, program, automate, construct, process, raise, teach, counsel, hunt, defend, provide, debate, organize, compose, perform, worship, dance, laugh, love, celebrate, and sustain. Members enjoy a career in methods of spontaneous cooperation in the discovery and development of processes that achieve a well-defined whole.

We are the sheepdogs.

And we are old fashioned and sentimental.

And we don't require others for border protection or building bridges.

And members are made by undying love, devotion, and loyalty to the Constitution.

And we belong to the longest serving Civil Rights organization in the Republic.

And we are happy to participate in the proper pursuit and offering of due process under the Constitution to the COLLECTIVIST NETWORK globalist class charlatans who sold out the old republic in their lust for power and the love of money.

And we are ready for what's next.

"The care of human life and happiness, and NOT their destruction, is the first and only object of good government. -Thomas Jefferson.
